- I. Please insert the following paragraph [0001] at the beginning of the specification:

CROSS REFERENCE TO RELATED APPLICATION

[0001] This application claims priority from European patent application number 02022718.7, the entire disclosure of which is explicitly incorporated by reference.

- II. Please enter the following corrections in paragraph [0014]:

[0014] The addition of 2-40 g/L of one or more aromatic nonionic wetting agents is especially advantageous, with  ~~$\alpha$ -naphthol ethoxylate~~  **$\beta$ -naphthol ethoxylate** and/or nonylphenol ethoxylate are especially preferably used.
